

# TERM 1 WEEK 4

03 MARCH 2023

## 2023 OFF TO A GREAT START

Kia ora e te whānau,

It was an absolute pleasure to see all of those that came to the Goal Setting meetings. It has meant that we are now well on the way, with all our students having set goals and working towards success.

The format of having an information session for parents who were waiting for time slots was also a success as we managed to share information around various programmes, innovations and future property with everyone.

It is important to us to gather your voice - to know that we as a school are serving our community. We had some great feedback on our questions, and are in the process of collating this information to share back with whanau.

Towards the end of the week we will be sending out a Google Form with the slides and some of the feedback and asking for more. Please look out for this in your email, on SkoolLoop and Facebook.

Part of our sharing involved what to do when you have a problem. Our procedures and policies are held on a website called SchoolDocs. You are free to access these using the Username: Marlborough and password: Primary.

Here are some easy steps to follow

1. If the problem is with my child in their class - see the classroom teacher first.
2. Give them time to solve the problem.
3. If the problem has been raised and not solved in a timely manner - talk to Mrs Wotton, DP.
4. Give her time to solve the problem.
5. If the problem still persists, then make an appointment to see me.

Just a reminder that all staff have an email address and you should use this or Seesaw to contact them.

Staff do NOT check their emails during the school day so if you need to contact them regarding your child and it is a today issue it will be better to contact the office. This is for example when hometime arrangements change.

## DROWNING PREVENTION

We are really lucky to have dedicated staff that work hard to ensure the safety of our tamariki. Mrs Shoebridge has been an advocate for Water Safety in our school and each year she accesses life jackets from Drowning Prevention to allow our students an opportunity to experience water activities that are aimed at saving lives. The students have been happily swimming in our swimming pool with the life jackets and learning to float, paddle and kick.

## HELP - LIFE JACKETS

If you perhaps have a life jacket that your child has outgrown and would like to donate it to the school, please send it along to the office. We have some students that are fearful of the water and this is really helping them.

## MARLBOROUGH SCOUTS

Scouts have been a part of the Glenfield community since the 1950s. Mayfield Scouts was established in 1996 following the merger of 2 local, Scout Groups. Mayfield Scouts is part of New Zealand's biggest mixed youth organisation, Scouts Aotearoa.

Unfortunately, a massive slip took away a large portion of the Myfield Scouts site as a result of the devastating rainfall on Friday the 27th of January, 2023. The site was subsequently yellow-stickered.

As soon as the group went looking for an alternative location for term 1, Marlborough Primary was able to provide access to the school grounds and a classroom so the group may continue this term's program.

The group is incredibly grateful that MPS has been able to allow them to continue to provide a programme for their youth while the Mayfield Scout Hall and site are repaired and made safe.

The group is run by volunteers and has sections for youth aged 5 - 14 years old, and each section meets once a week during the school term.
